Green/Beige w. Walnut Lid

Nude w. Walnut Lid

Moss Green w. Walnut Lid

Packaging Type

Giftbox

Packaging Measurement (H * W * D)

21,5 cm * 8,5 cm * 16,5 cm

Care Instructions

Avoid placing bottle grinders in direct sunlight. Use a soft dry cloth to clean. For stains, use a light dishwashing soap. Do not use any cleaners with chemicals or harsh abrasives. To avoid screeching sound whilst grinding, make sure the grinder is properly dry before refilling.

Steering away from the predictable grinder, the Norm 'Bottle Grinder' is not what you expect to see in a salt and pepper grinder. The form, shaped more like a bottle, cleverly tricks the user to encourage a more playful and experimental interaction with the product. The powerful ceramic mechanism makes the grinder easy to operate and perfect for trying out more than just salt and pepper including spices and grains, nuts, seeds or dried fruits.

About the Designer

Founded in Copenhagen in 2008 by Jonas Bjerre-Poulsen and Kasper Rønn, Norm Architects specialise in residential architecture, commercial interiors, industrial design, photography and art direction. Today, the group regularly collaborates with MENU, helping to drive the evolution of the brand and its product offerings. Norm Architects' name reflects the group's emphasis on the importance of drawing inspiration from norms and traditions within architecture and design – particularly the Scandinavian design principles of timeless aesthetics and natural materials, and the modernist values of restraint and refinement. Guided by these principles, Norm Architects produce design that unites good materials and craftsmanship, while embodying beauty, traditions, history and, most importantly, timeless simplicity, where there is nothing more to add or take away.
