W: 96 cm / 37,8"

D: 96 cm / 37,8"

SH: 40,5 cm / 15,9"

Colours

According to Upholstery w. black legs.

Inspired by architecture Eave Modular Sofa takes its name from “eaves” – the lower edges of the roof that overhang a wall. The sofa’s distinctive detail is its internal “eaves” – curved upholstered armrests that lend the sofa its expressive character. A perfect blend of style and comfort, Eave is a generous sofa that will encourage owners to relax. The seating angle is also ideal for offices or public spaces, enabling the user to sit actively engaging with work. Figure out your own configuration to suit your space.

About the Designer

Founded in Copenhagen in 2008 by Jonas Bjerre-Poulsen and Kasper Rønn, Norm Architects specialize in residential architecture, commercial interiors, industrial design, photography and art direction. Today, the group regularly collaborates with MENU, helping to drive the evolution of the brand and its product offerings. Norm Architects’ name reflects the group’s emphasis on the importance of drawing inspiration from norms and traditions within archi-tecture and design – particularly the Scandinavian design principles of timeless aesthetics and natural materials, and the modernist values of restraint and refinement. Guided by these principles, Norm Architects produce design that unites good materials and craftsmanship, while embodying beauty, traditions, history and, most importantly, timeless simplicity, where there is nothing more to add or take away.

Eave Modular Sofa

Production Process

The modules are constructed with a structural frame made from Pine, Plywood and Hardboard. Seat, back- and armrests consists of a double foam layer with no-zag springs. Felt glides are included.
