D: 12 cm / 4,7"

Weight item (kg/ lbs)

0,4 kg/ 0,9 lbs

Materials

Stainless Steel, Powder Coated Steel, Plastic.

Colours

Black (RAL 9005)

White (RAL 9016)

Packaging Type

Gift Box

Packaging Measurement (H * W * D)

12,5 cm * 10 cm * 10 cm

Care Instructions

Use a soft dry cloth to clean. Do not use any cleaners with chemicals or harsh abrasives. Avoid using water.

The MENU Bath Series by Norm Architects continues to expand to meet new interior needs – and create new possibilities for using our spaces more intelligently and efficiently. The Toilet Brush, Soap Pump, and Toothbrush Holder, originally created in freestanding versions, are now available in wall-mounted editions in both black and white, freeing up floor and counter space.

In creating the Bath Series, Norm Architects set out to transform the bathroom into a blissful respite where we can relax and refresh. The new, easy-to-mount editions add a new level of convenience to the bath space, making tidying a breeze and reducing floor and counter clutter for a cleaner look. In public spaces such as hotel, office, or restaurant bathrooms, the mounting capability also ensures that these essential objects stay put and out of the way – but always within easy reach.

Norm Architects' love of functional minimalism shines through each bathroom accessory, with the objects responding to real-life needs while maintaining their appealing, modern expression. Light, uniform lines and rounded bases unify the elegant pieces and add beautiful focal points to some of our most important spaces. With thoughtful, functional details, the designs are both hygienic and user-friendly.

A stylish, simple and practical soap dispenser that's easy to clean, easy to use, and easy to refill when empty. Just tip the dispenser forward to refill. A touch of the brushed steel lid dispenses the soap.

About the Designer

Founded in Copenhagen in 2008 by Jonas Bjerre-Poulsen and Kasper Rønn, Norm Architects specialise in residential architecture, commercial interiors, industrial design, photography and art direction. Today, the group regularly collaborates with MENU, helping to drive the evolution of the brand and its product offerings.

Norm Architects' name reflects the group's emphasis on the importance of drawing inspiration from norms and traditions within architecture and design – particularly the Scandinavian design principles of timeless aesthetics and natural materials, and the modernist values of restraint and refinement. Guided by these principles, Norm Architects produce design that unites good materials and craftsmanship, while embodying beauty, traditions, history and, most importantly, timeless simplicity, where there is nothing more to add or take away.
