Less is more with Synnes Chair, a distinctively modern take on the classic Scandinavian dining chair from one of the region's most exciting young designers, Falke Svaton. The chair came to life when the Norwegian had the idea of inserting a sheet of plywood into the seat, with a curved backrest to maximize sturdiness. A graduate of Norm Architects and Søren Rose Studio, Falke established his studio in 2014.

Care Instructions

To clean, simply wipe with a soft cloth using hot water and a mild detergent.
