ZET is a smart shelving system with a light, airy, and minimalistic appearance. The whole system consists of two components: the wooden u-shaped shelves and the metal frame construction. ZET is produced in high quality materials and the frame design provides firm stability. The design is easily assembled or disassembled, and can be easily relocated whenever you want.

About the Designer

Florian Kallus and Sebastian Schneider founded Kaschkasch in 2011. The German designer duo always strives to get the maximum out of the minimum by breaking every idea down to its essential elements. Every piece of their work has a little something to discover - something that speaks of the designers' love for details.
